

# KHALIQUE foundation

## ANNUAL UPDATE 2024

**The Khalique Foundation aims to directly improve the lives of impoverished people in Bangladesh by providing training and education.**

Working both in Bangladesh and the UK, trustee, Rounaque Khalique, visited Bangladesh for a due diligence trip in November/December 2024. This is her second visit in 2024 and she was happy to visit the school and sewing school again. She was well received and happy with the support the Khalique Foundation provides for both the children's school and sewing school.

### Sewing school update

The Khalique Foundation is happy to report that the new sewing teacher is working well and continuing to provide training for local people. The school has now become a part of the local community and has been running since 2016. We continue to support the school by maintaining the four sewing machines and providing materials that are required to run the school.

After training the students have a number of options:

- Entering the garment industry as trained labour on contract
- Working as freelancers
- Setting up as cottage industries
- Being able to simply make clothes for themselves and their families.

## Educational support

Rounaque again visited Jhalopara School on her trip. We have been supporting this primary school also since 2016. As Rounaque went to this school it is always a wonderful experience for her, the teachers and students. Once again we provided the whole school with exercise books and pens and final year students were also given geometry boxes.

The teachers and students again provided excellent feedback and we are delighted to be able to continue supporting the students with scholarships. Three students have been selected for the scholarships to take them from Jhalopara School to their secondary school. We wish them all the best and look forward to hearing how they do.

## UK activity

Here in the UK, we continue to raise funds through the donations of our generous supporters and communicate the work that we are doing with both schools.
